

**Lake Erie Consortium for Osteopathic Medical Training LECOMT
Fact Sheet
Academic Year 2017 - 2018**

LECOMT is the sponsoring OPTI (Osteopathic Postdoctoral Training Institute) for your residency program.

LECOMT is comprised of 44 members (42 hospitals with 2 office-based residencies)

LECOMT has been in existence since the inception of AOA-accredited OPTIs dating back to 1997.

The consortium is affiliated with the Lake Erie College of Osteopathic Medicine.

LECOMT has over 1500 approved postdoctoral positions, and continues to work with many hospitals to develop and expand osteopathic residencies and fellowship programs.

LECOMT provides:

- Library access and support
- Research support from LECOM Research Faculty
- Preparation to programs for residency accreditation inspections
- Faculty Development
- Curriculum support
- OMT on-site workshops
- Web-based educational programs
- Annual Research Grants (up to \$5000.00) per institution
- Assist with affiliations for residency programs needing specialty/out-rotations
- Assist with recruitment to LECOMT affiliated programs/hospitals
- Provide oversight of residency programs to assure compliance with AOA standards
