LECOM School of Nursing

Admission Eligibility Checklist for the Associate of Science Degree in Nursing

Check	**Admission Requirements**
	All candidates must have completed high school with an overall cumulative science GPA of 2.8 or above.
	All candidates must have an overall science GPA of 2.5 or above for college prerequisite course work.
	All candidates with a college overall GPA under 3.5 will be required to take the Test of Essential Academic Skills (TEAS) entrance examination and submit scores with the completed application. Requirements for Taking the TEAS exam are located on the webpage link for Requirements and Eligibility.
	All high school and college transcripts must be official copies sent directly from the school to LECOM for consideration with a completed application.
	Applicants will be required to submit one academic letter of recommendation from a high school or college science teacher, along with one additional letter of recommendation from school counselor, activity advisor, sports coach, employer or volunteer supervisor.
	Please provide a resume, including but not limited to, with documentation of any employment, volunteer experience, high school or college education, extracurricular activities, sports, awards and honors, language fluency, and hard skills in computer proficiency, such as office software, data entry, use of communication tools, file management, and basic web skills. If the applicant has any experience in healthcare, whether through employment or on a volunteer basis, please include it in your resume.
	All candidates must submit a Personal Statement with the application. Instructions for the Personal Statement are on a separate document in this section of our website.
